#### Death of Rubie Lee Floyd.

Little Rubie Lee Floyd, the three-year-old daughter of Mr. and Mrs. C. K. Wetherington, died last Tuesday evening at 10:40 o'clock after several days' suffering from a fire burn which occurred on December 1st. Dr. J. L. Cloud was at once summoned and did all that was in his power to restore the child back to health, but all the doctor and friends could do was of no avail, and she died December 7th, leaving to mourn her death her mother, step-father and little sister, besides relatives and friends. Her remains were laid to rest Wednesday afternoon in the Forest Grove cemetery, by the side of her father, whose death occurred about a year ago. Rev. Taylor of High Springs conducting the funeral services. The family have the sympathy of their many friends in the sad hour of their bereavement. May the good Lord be with them through this sad hour of bereavement.

A FRIEND.

## HOW ZELAYA WORKED SCHEMES IN NICARAGUA

### Offered to Buy Property for a Song and Had Owner Shot If He Wouldn't Sell.

PANAMA, Dec. 13.—It is the opinion of Panamanians that President Zelaya of Nicaragua is riding for a fall, that he is deliberately working to bring about intervention by the United States, having chosen this form of humiliation in preference to the greater one of suffering defeat at the hands of revolutionists.

For the past sixteen years, during which time Zelaya has been in power, according to the statements of men now on the isthmus, who are conversant with affairs in that republic, Nicaragua has been ruled by a group of eight daring, clever and conscienceless men, who have looked upon the country as their own personal property. This group has grown enormously rich by a systematized pillage of the revenues of the states and of individuals. It is estimated that Zelaya is worth about \$20,000,000 gold, most of which he has invested in Brussels and London.

It is said to be well-established that the chief cause of the present revolution was the failure of Zelaya to distribute among his seven associates a loan of \$5,000,000 obtained recently in Europe. The seven were given a share of the money, but not on the basis of apportionment, which had governed these distributions in the past. They remonstrated, but all to no purpose. Zelaya refused to pay off on the old basis, and even threatened that if they did not submit gracefully he would turn against them the system which they had jointly organized. This system was simple, but effective. Its modus operandi was about as follows:

#### How Zelaya Worked.

Whenever in any region of the country a citizen was found in lawful possession of a piece of property of any considerable value, an agent of the group was sent to him to ask the price for which he would sell it. When the price was made known, the agent would offer to buy it for about one-tenth of its value. This offer being refused, the agent was then at lib-

erty to outline his proposed retaliation, saying: "If you do not sell we will denounce you as a conspirator. We will spread rumors about your activity in behalf of the revolutionary faction, which we are careful always to have stirring about somewhere in the country. We will try you with our judges, in our court, before our jury, and sentence you to be shot as a traitor, and have your property confiscated. Will you be shot or will you sell?"

Sometimes the men were shot, and the country at large imagined that these men were real traitors and conspirators, and applauded the verdict and their execution.

When the originators of this system found themselves threatened they promptly surrendered—all save one. This one turned revolutionist, with the result that an army of several thousand men was placed in the field, and Bluefields and the entire eastern coast of Nicaragua conquered.

That is the view of the situation as taken on the isthmus where, to be sure, there are many Nicaraguans naturally very strongly opposed to the present administration in their country. They are of the opinion that Zelaya sees that the game is up, and is anxious to make his departure in safety from the republic. He would much rather stand in the eyes of the world as having been forced out by the United States, than by his own people, however. This is why he has provoked reprisals by the brutal shooting of Cannon and Groce.

The statement issued by Zelaya to the effect that the revolutionists had employed the two Americans to mine the San Juan river, and that they were captured after they had exploded one mine near the transport Diamante is given no credence here. This version is contradicted by a deserter from the Zelaya forces, who has confirmed the previous report that each of the Americans was captured while reconnoitering some hills near the river.

## Police Are Still Hunting For the Triple Murderer

SAVANNAH, Ga., Dec. 13.—After obtaining from J. C. Hunter, husband of Mrs. Maggie Hunter, who is dying at the Savannah Hospital from blows dealt her by the murderers of Mrs. Carrie Ohlander and her mother, Mrs. Eliza Gribble, here Friday afternoon, the admission that he had visited the home and his wife, from whom he is separated, on the day of the murders, the police yesterday were compelled to eliminate him from suspicion of being the murderer. However, he is being held as a prisoner at police headquarters, and will be until it seems certain that the real murderer cannot be captured.

The police yesterday questioned William Walls, also, who admitted that he went to the house, peered into the closed window blinds into the room of Mrs. Hunter, hoping to attract her attention, but he declares he saw no one. This he says occurred at the time the two young women were lying dead in the house after the visit of the murderer. The "third degree" was administered, and for three hours a rapid fire of questioning was kept up, but after making those admissions Walls stuck to his story

of innocence. The police now believe his story to be true.

This leaves but the original theory, that the murders were the result of a negro man's plan to attack Mrs. Ohlander. For hours yesterday detectives went over every foot of the house of murders, examined blood stains, walls, floors minutely. The physical evidence obtained in this examination seems to prove that Mrs. Gribble was first to die; this may have been planned in advance to clear the way for the attack upon her daughter; that Mrs. Ohlander was next attacked, and that Mrs. Hunter, who was not known to be in the house, surprised the assailant and was struck down.

There has been no cessation of effort to find the unknown negro man toward whom all evidences point as the murderer. However, no trace of him has been found since he was seen leaving the Gribble home after the murders.

Savannah is quiet, and whatever feeling was aroused by the four crimes has crystallized into a determination to capture the criminal, white or black.

## Champ Clark Discusses Effect of Central Bank

WASHINGTON, Dec. 13.—"The most negative thing about Senator Aldrich's spectacular swing around the circle is that it was an acknowledgment, unspoken it is true, but an acknowledgment nevertheless, that the States of the Central West must be taken into account in important matters, even by the wise men of the East."

Champ Clark of Missouri, leader of the minority in the House, was discussing in an exclusive interview with the writer, the probable effect of the Aldrich campaign for a central government bank.

"The strangest part of the Aldrich program," continued Mr. Clark, "was his repeated declaration that the central monetary commission has arrived at no conclusion as to what it should do, a statement which should be taken cum grano. That they intend to foist a central bank upon the country is taken and accepted as a fact by all close observers. When that is done it will increase the influence of the Eastern money changers amazingly, for they would not be in favor of a central bank unless they believed it would be located in New York. If they thought for one moment that the central bank would be located at St. Louis, Kansas City or Chicago, where it ought to be located, it is to be really central. Some Eastern high financiers would be all the more dead against it. What they are after is to strengthen their hold on the finances of the country and in that effort they never let up."

"The Western and Southern bankers are roped into this scheme, the money is that they will never be able to get out and that will be as long as they live."

Senator Jackson was a great

man; but he is dead," said Senator Aldrich in one of his speeches during his peregrinations in the West. He might have added with equal truth that it is a great comfort to the Aldriches and all like unto them to know that Old Hickory is safe underground. If he could revisit the glimpses of the moon, what he'd do to the Rhode Island Senator and the rest of the central bank boomers would be ample and then some; for next to licking the British at New Orleans, General Jackson's most notable achievement was in slaying Nick Biddle's central bank—the old United States bank. No doubt if the Iron Soldier were reincarnated he would fight Aldrich and his cohorts in the same savage manner in which he pounded Biddle and his gang, for at all times, in all places and under all circumstances the old lion of the Hermitage stood the people's friend. No wonder the Rhode Island boss feels a sense of relief that the warrior statesman has shuffled off this mortal coil.

"General Jackson was great man; but he is dead," is, so far as I know, Senator Aldrich's most famous epigram. It may prove as unfortunate as the celebrated epigram of the scholar in politics, Senator Henry Cabot Lodge, when he remarked that, "The consumer is a myth."

"The consumer proved a very lively sort of myth in Massachusetts on the first Tuesday after the first Monday in November when he cut Governor Draper's majority from 60,000 to a beggarly 8,000. 'Yes, General Jackson was a great man; but he is dead,' but while his body is in his grave at the Hermitage, his spirit still survives and may prove potential in the fight to revive Nick Biddleism."

## CARNIVAL SHOWS DREW LARGE CROWD

MANY INTERESTING ATTRACTIONS BEING EXHIBITED.

Chiquita, the Midget Horse, Human Roulette, and Other Attractions Shown Here for First Time.

The Wright-Turner Shows arrived here Sunday as per schedule, and carry a special train of their own cars to carry their big shows that opened last night on the Pinkston lot.

This is by far the best and largest carnival that has ever visited our city, and the big crowds present last night on the grounds seemed to enjoy the performances in the different tents. Millie-Christine, the two-headed woman, is certainly a curiosity that every person should see, as she is certainly the wonder of the age, and a marking point in history.

Doc Turner's Congress of Wonders contains seven freak attractions that are well known and are shown in this city for the first time, all under one tent. In all other carnivals and circuses but one of the freaks are seen in one show, but with this attraction all are placed in one tent and for one admission.

Collier's Old Plantation Show is without doubt the best show of its kind ever organized, and the singing numbers are the latest and up-to-date, while the dancing is simply immense.

Chiquita, the midget horse, is a drawing card and holds the amazement of the people.

The Flying Jenny, or Jumping Horse, is the largest and handsomest machine ever erected here. The Human Roulette, the big attraction from Coney Island, will cause the old to grow young from laughter as they watch the actions of the different persons as they try to remain on the wheel.

The Zouave Band, a clever organization of merit, will discourse sweet music on the grounds every day and evening, in addition to daily concerts on the public square at 1:30 and 7 p. m.

The grounds are well lighted and the people present last night seemed to enjoy themselves hugely throwing confetti and playing the various games.

The shows will remain here all week, and no doubt will have large crowds daily.

### ONE LESS BALD HEAD.

If You Are Losing Your Hair Read This Interesting Letter.

Giroux Mfg. Co., Buffalo, N. Y.

Dear Sirs—"I was told of your great remedy, Parisian Sage, that it would grow hair on bald heads, so I got a bottle and tried it and it is fine. I am a young man and only twenty-five, and was completely bald on the top of my head and now I have hair one inch long with the use of only one bottle. I only wish I could have shown you my photo before the hair started to grow and how it is now. I shall certainly keep on using it until I have a good head of hair, which I have no doubt it will bring." Oscar Armstrong, Engineer, Belleville Horse Shoe & Rolling Mill Co., Belleville, Ont., Aug. 21, 1909.

To every reader of The Sun the American makers of Parisian Sage wish to emphatically state that they do not guarantee Parisian Sage to grow hair on bald heads, because in the great majority of cases the hair roots are absolutely dead and not even the wonderful virtue of Parisian Sage can resurrect them.

Mr. Armstrong started to use Parisian Sage in time, before the hair root was entirely dead and in such a case there is no good reason why Parisian Sage should not restore his hair.

W. M. Johnson guarantees Parisian Sage to remove every trace of dandruff, stop falling hair and itching scalp in two weeks or money back, but he does not guarantee it to grow hair on bald heads.

Sold by leading druggists all over America and in Gainesville by W. M. Johnson. Large bottle 50 cents.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

Isn't there something which only a want ad. can do for you today?

## IMPORTANT MATTER TO FLORIDA GROWERS

COMMISSION WILL HOLD FINAL HEARING NEXT MONDAY

In Jacksonville in Matter of Request for Reduced Rates on Carload Lots to Eastern Points.

On Monday, December 20th, the Interstate Commerce Commission will hold a final hearing in the matter of the request for reduced rates on carload lots of fruits and vegetables from Florida to Eastern points. This proceeding was instituted by the Florida Fruit and Vegetable Growers' Association, of which F. D. Warner is president, and several hearings have been held in Jacksonville and Washington.

There is no doubt that Florida growers are greatly discriminated against in this matter, and it is hoped that every person interested will take the time to attend this final hearing of the case, when it is hoped an order will be issued requiring the transportation companies to give a more equitable rate. Commissioner Prouty will conduct the hearing.

The Commission advises that all parties to the complaint will be expected to complete their proofs and submit the case at this hearing. This complaint appeals to all growers, buyers and shippers who are interested in the Florida fruit and vegetable industries, and their co-operation and support is invited and expected. All farmers and truck growers should make it a point to attend this hearing, as their presence will lend great weight to the effort being made for lower rates, which will mean thousands of dollars to Florida growers. The hearing will be held in the United States court room, Jacksonville, on December 20th.

## WILL MAKE FURTHER FIGHT FOR SERVICE

THE FUNDS RAISED BY MICANOPY PEOPLE.

A Determined Set, and Will Ask the Railroad Commission Take Steps to Assist Them.

J. D. Watkins and C. E. Melton, a party of prominent Micanopy citizens who were visitors to the Monday.

The former stated that they were alive and active as regards Coast trains Nos. 9 and 10, and that as a hearing could be had by the Railroad Commission they would make some changes in the present service was given Micanopy and the citizens of that section.

Due to the absence of two of the committee, who are working in connection with Dr. Watkins, they have been delayed somewhat in making up their data concerning the schedule, but they state that everything has now been completed and they hope to be ready for some action within a very short while.

They will make their claims direct to the Railroad Commission, and in the event that body cannot do anything, something else will follow that will not be very pleasing to the Atlantic Coast Line officials, so the members of this committee state, for they are tired of being handled as they have been in the past.

At a recent meeting of the citizens of that thriving little city they subscribed a most liberal amount to secure a better train and mail service for that section, and the funds now available is only a small amount of what they will spend if necessary to get a better service.

Some relief is promised by the T. & J. Railway Company within a short while, or as soon as some necessary improvements can be made in the roadway, but as this is some time off they are working hard for a better service over the Coast Line.

## INDIGESTION?

## DEMENTED MAN LAYS IN WIND AND RAIN

DR. WILSON OF REDDICK FOUND  
IN HELPLESS CONDITION.

Could Give No Account of Himself  
When Questioned, and Sheriff  
Appealed to by Citizens.

Dr. Wilson of Reddick, one of the old citizens of that place, was found on Monday morning near the home of Alderman Graves, in North Gainesville, in a most pitiable condition.

He had arrived on the late Coast Line train Sunday afternoon from the south, and remained about the waiting-room until dark, when he left and began his wanderings.

For some time the old gentleman has been in a demented state, and was only recently found near Atlanta and returned to his home, and his absence from that place now is probably not known by members of his family, for he has lived almost alone for some time.

At one time he was very successful in his practice, but lately his failing health and advanced age has affected his mind. So much so, in fact, that all practice has been given up, and in his present state he is allowed to go about that locality, occasionally getting out of the place, as he did Sunday.

When found on Monday morning he was very thinly clad and had been in the rain and bad weather all during the night, until about 10 o'clock Monday morning, when he was taken in by friends in that part of the city and comfortably cared for.

After a rest and proper care for a few days he will probably be returned to his home at Reddick, and in the future some of his family will be compelled to keep a better watch over him, lest he repeat his actions and get off somewhere and die while thus being exposed.

While the old man is perfectly harmless, he attracted a good deal of attention from all who saw him, and in fact a large number of the people were frightened at his actions, for he could give no account of himself, name, where from, or anything, until someone who knew him happened along.

## COMPLETES THE CANVASS.

Superintendent Holloway Feels Gratified at the Results.

State Superintendent W. M. Holloway, who has been in the city for the past two days, departed yesterday for Starke, where he will assist in the closing exercises of the State campaign which has been on for the past few months for higher and better education.

He states that the speakers have traveled all over the State and addressed audiences in all the counties but four. Speeches were made on an average of four places in the county, which shows that a most thorough canvass has been made.

Following the Christmas holidays the remaining counties will be taken up and worked the same as the others, and judging from the general appearance it seems that the movement has met with great favor and much good will result from the efforts of the workers.

## HOME TALENT WILL HAVE GOOD MINSTREL

TO BE PRESENTED FOR BENEFIT  
OF POOR OF CITY.

Gainesville Dramatic Club Will Place  
Good Show on at the New  
Baird During Next Week.

Gainesville is to have a minstrel production in the next few weeks by all home talent, the proceeds from which are to be donated to a most worthy cause.

J. Fletcher Burnett and a number of others of the Gainesville amateurs have formed themselves into a Dramatic Club and have been hard at work for the past several weeks rehearsing for this performance, which they state will eclipse all former attempts of home entertainments.

The proceeds of the performance will be turned over to Rev. S. B. Rogers to be distributed among the poor of the city on Christmas.

The performance will be presented at the New Baird Theatre on December 21st, and after the advertising bills and other expenses are paid it is thought that quite a neat sum will be realized for this purpose by the members of the Dramatic Club.

The entire list of the performers, together with the big first part of the minstrel, will be given to the public within a few days, and a great treat is anticipated for all who attend the show. The jokes are all local, and this will further add to the popularity of the performance.

## BONNIE MELROSE.

MELROSE, Dec. 13.—Friends are extending congratulations to Rev. and Mrs. T. L. Z. Barr on the arrival of a fine baby boy on December 9th.

The tax books of the town of Melrose for 1909 are now open.

C. C. Voyle of the Long Distance Telephone Company, Gainesville, was in town recently, making the trip via Rochelle in 90 minutes with a Ford car.

E. Shoup of Lima, Ohio, has purchased the H. Pugh place on Ingleside avenue, and is having it cleaned up.

Melrose Lodge No. 89, F. and A. M., met in special communication on Friday night to confer the F. C. degree.

Melrose Camp No. 176, W. O. W., at their recent meeting elected the following officers: O. C. Husband, P. C. C.; T. A. Torley, C. C.; A. W. Craig, A. L.; S. Coward, B.; L. M. Baldwin, clerk; H. Jackson, escort; J. Robertson, watchman; T. A. Birt, sentry.

## CURING CATARRH

Accept Our Advice and Try This  
Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is; complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Muc-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form, to give Rexall Muc-Tone a thorough trial. Use it with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that anyone could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store—The Rexall Store. J. W. McCollum & Co., corner East Main and Union streets.

If it's printed stationery you want The Sun office is the place to get it.

## Women Suffer Agonies from Diseased Kidneys

And Most Women Do This Not Knowing the  
Real Cause of their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of their sex." Usually the kidneys and bladder are responsible—or largely so. And in such cases, the kidneys and bladder are the organs, that need and must have attention.

Those torturing, enervating sick headaches, dragging pains in back, groin and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness and constant tired, worn-out feeling—are almost certain symptoms of disordered and diseased kidneys, bladder and liver.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demonstrated as remarkably beneficial in all such conditions of female organism—affording the most prompt relief and permanent benefit.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble, and that she is now well—and that these Pills are what cured her.

They are very pleasant to take, and can in no case, produce any deleterious effects upon the system—as syrupy, alcoholic, liquid preparations are apt to do.

FOR SALE BY ALL DRUGGISTS

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail post-paid. Do it to-day.

## Street in Bad Shape.

West Main street presented a most disgraceful appearance on Monday from the effects of the recent excavations done by the Coast Line. All along the track where they have been making the excavations for the purpose of putting in cross-ties the streets are in such a sloppy, muddy condition that it is impossible for pedestrians to cross the street without wading ankle deep in mud. The attention of the street committee is called to this matter, and it should have speedy attention.

## The Correct Time

To stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for sometime the treatment will be longer, but the cure is sure. Sold by W. M. Johnson.

## NOTICE TO ADVERTISERS.

The Sun cannot guarantee the insertion of advertisements in the Sunday issue unless the copy is handed in early Friday morning. This also applies to changes in advertisements already running in the paper.

If you want to push a good thing, talk for Gainesville.

The municipal campaign will soon be the main topic of interest—at least to some fellows who want to hold the offices.

Tampa's cigar business continues to increase. It is the greatest cigar manufacturing city now, probably, in the world.

The man who cannot make a living in Florida could not do so in any State in the Union, and the sooner he leaves here the better it will be for the State.

It is to be hoped that the Senatorial primary will be over with before the prohibition campaign is thrust upon us. One such contest at a time is all the average man can stand.

Good farming lands are to be obtained in the vicinity of Gainesville as cheap as they can be bought anywhere in Florida, while the educational advantages of the city are superior to those of any town in the State.

Don't fail to extend a hearty welcome to all strangers who you see on the streets of Gainesville. Introduce yourself, and offer your services in the way of desired information. A cordial greeting is what makes visitors like a town as much as anything.

Hon. Ben Russell, founder of The Bainbridge (Ga.) Democrat, and at one time a member of Congress, died at his home in Bainbridge on December 5th. He was one of the brightest men in Georgia, and was well known to many people of this city.

Some of our State exchanges are crediting Perry with having the only whiskey distillery in Florida. The Sun is informed that two distilleries have been in operation in Jacksonville for a year or more, the Cooper distillery having moved there from North Carolina when the latter State went dry.

The Seminole Indians will not leave Florida, but will remain in the Everglades as long as there is a living to be obtained by hunting. Many a white man would have acted the part of wisdom had he remained on his own "dunghill," like the Indian, instead of selling his phosphate land and removing to town.

The Tallahassee True Democrat is worried because Editor Crawford of The Pensacola News shows symptoms of leaning to the wets in the coming contest on the State-wide prohibition fight. Well, the Crawfords always were in favor of home rule, and the Pensacola editor will be doing only what the framers of the constitution did when he advocates the principle of local option, which was ratified by the people.

## THE COTTON CROP.

The Government's estimate of the cotton crop for the season of 1909-10 is the lowest for the past ten years, being only 10,088,000 bales, whereas the average for the ten preceding years was 11,531,000 bales. Even on an area of nearly 32,000,000 acres this year's return is so much below that average as to give one of the lowest yields per acre for the past twenty-five years.

The effect of the report was to send spot and future prices still higher, to intensify the eagerness of the world's cotton mills as to their future supply, and will stimulate curtailment in a much more drastic form than has heretofore been deemed necessary by spinners the world over.

Assuming that the Agricultural Department's figures are correct, or substantially so, it is difficult to hazard a guess as to how high the price of cotton will advance during the next few months. If manufacturing of cotton fabrics should receive the impetus of a rapidly expanding demand between this and the appearance of the next crop the price of the remaining portion of the cotton held by growers and traders might easily be advanced to twenty cents per pound.

But no matter what the prices may be for the remainder of the crop, it is absolutely certain that the effect of this return on the industry of cotton growing will raise the acreage to something like 35,000,000 acres next year. This will mean an enormous increase in the demand for cotton seed for planting, in the amount of fertilizers needed, and increased demands upon the banks for funds with which to finance the planting and gathering of the crop. This increased acreage, with anything like a fair yield, will also mean low prices for next year's crop.

We are not an Elk, but we have many friends who gang with the "horned cattle." All seem to enjoy the order, especially the refreshments of a liquid nature. Like all good lodges, the Elks do good. They extend help in an organized way. They do not meet for singing, praying and reading of the Old Book. However, to read The Tribune and some other exchanges, one might presume the order was a religious one. Dr. Broughton is at one extreme, and such "liberal" journals are at the other.—Arcadia News. Brother Hare need not have stated that he is not an Elk, for any member of the order would know he is not from reading the above. He seems to think that the main thing with Elks is the "liquid refreshments," but in this he is badly mistaken. Such refreshments are not permitted in the Gainesville club, and the membership include preachers and others who do not partake of intoxicating liquors. They do meet to sing and pray, Bro. Hare, as well as to have a little harmless fun, and any man who lives up to the creed of the order is good enough to mingle with the "salt of the earth."

W. M. McIntosh, Jr., who has been secretary to the trustees of the Internal Improvement Fund for the past twenty-five years, has resigned. He is succeeded by John C. Luning, who will also make frequent visits to the scene of the drainage operations in the Everglades and report upon the progress of the work. This increased duty was too much for Mr. McIntosh.—In connection with the several other responsible positions he occupies with the State government. He will be assistant secretary to the board, however.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Dr. M. O. Terry of Ithica, N. Y., surgeon-general of the National Guard of the State, officially declares that by the use of castor oil cathartics and sweet oil, and without cutting, forty-nine cases of appendicitis were cured out of fifty reported. At first cathartics of castor oil and sweet oil, followed by hot water, is used until the bowels are thoroughly cleaned out. The treatment is followed by enemata of sweet oil and glycerine. Flaxseed poultices, soaked in sweet oil, are kept on the abdomen. The diet is restricted to a very light, easily digested food. "The oil treatment," Dr. Terry says, "removes the friction of the inflamed tissues and relaxes them during the revolution." To prevent a return of the original trouble he prescribes a teaspoonful of sweet oil, followed by a glass of hot water, before each meal for several weeks.

If some of the members of the Leesburg town council could have overheard the opinion expressed about them by a man on the train last Saturday night, they would either have "scrapped" or crawled into a hole and pulled the hole in after them. And it was all about the council having passed an ordinance prohibiting cattle from running at large in the town limits. We felt like taking the part of the abused parties—but experience has taught us that a fellow has all he can do to fight his own battles, without "butting" into other people's affairs. But we must say that we admire the stamina of the Leesburg lawmakers if they had to stand the attacks during the consideration of the ordinance of many such men as was abusing them on the occasion referred to.

The State press is a unit, so far as we have observed, in favor of the payment of the premiums due by the Tampa Fair Association. These premiums were guaranteed by the State of Florida, and those who won the awards are being unjustly deprived of what belongs to them. It is time the State authorities devised ways and means to meet this obligation.

Col. W. A. Blount is now letting the postage stamp convey his messages to the people regarding his candidacy for the United States Senate. Other candidates had better get a move on them; or the brilliant Pensacola man will have such a lead on them that they will be unable to overtake him. He is certainly setting the other candidates a hot pace.

And General Billie Lamar will "butt" into the Senatorial race as an outsider, will he? We always liked the General personally, but as he is now practically a non-resident of Florida we advise him to let the people of the State attend to their own affairs. They will not appreciate his interference or advice any more than will some of the candidates.

A Lenoir Lady, After Two Weeks Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women.

It will surely help you, as it has helped thousands of others, in the past 50 years.

children were commissioned to decorate the Maine monument as a tribute to the Americans who died in the Cuban cause. In the evening addresses were made at San Carlos hall by the Cuban consul, A. D. Carrasco, and other prominent Cubans.

The Florida Transportation Company has purchased a modern steamer with a capacity of 150 tons, that will be placed in service between Tampa and South Boca Grande, the natural deep water port on Gasparilla island, in Lee county, at the southern terminus of the Charlotte Harbor and Northern railway. The new line will make its headquarters with the Brenner Line in Tampa, which is located right in the center of the shipping district, and is very accessible.

## UNIVERSITY NOTES

The John Marshall Literary Society is making preparations for a public debate. A preliminary debate was had last Saturday night, every member participating. From these debaters the society selected eight who will compete on December 18th before judges, who will select the four best to participate in the final public debate. The eight selections are Robbins, Lanier, Glazier, Calhoun, J. E. Keene, Johnson, Crocker and Rivers. A prize is offered by the law faculty to the members of the winning team in the final public debate.

The Sub-Freshman and Freshman classes in the gymnasium began work Monday. This course includes drills and systematic gymnastic work. Later on there will be a gymnastic exhibition. A team is to be formed composed of the best gymnasts in the University.

A basket ball team is to be organized from each class and a series of games will be played for the class championship. Besides these teams a team to represent the University will be organized and will soon be ready to arrange for games with other teams.

A movement is on foot to organize a minstrel company, to be composed of students and town men. An entertainment will be given (probably on Dec. 21st) for the benefit of the Athletic Association.

Work on both the Science Hall and the Experiment Station buildings is progressing rapidly.

Ducks and partridges are abundant not far from the University.

Capt. Geo. M. Lynch made a very interesting address on the "Educational Campaign" which is being carried on throughout the entire State to the students December 6th.

The 1910 number of The Penman will be gotten up by the classes as follows: January number will be altogether a Senior production; February number, a Junior production; March number, a Sophomore production; April number, a Freshman production.

Dr. E. W. Berger and Prof. H. S. Fawcett are on a trip to the West Coast, continuing their studies of citrus diseases. While away they will deliver addresses about their investi-

gations to the orange growers' association at Clearwater.

Prof. Rolfs and Prof. McQuarrie, assisted by able local speakers, will hold Farmers' Institutes at Old Town on Friday and at Trenton on Saturday.

Prof. S. M. Tracy of Biloxi, Miss., arrived in Gainesville on December 8 to make a visit to the station. Prof. Tracy is one of the oldest botanists in the country, and enjoys a world-wide reputation. At present he is making a special study of the "Botany of Forage Plants."

The Jacksonville Development Company will send at least ten young men and probably several more to the University to take a special course in agriculture. The course to be given will be practically the same as that now being offered to the young men who were so generously sent by Escambia county, differing only in that special attention will be paid to "Trucking and Citrus Fruits." The Development Company will pay the expenses of these young men. Any white man in the State is eligible for appointment.

There are now 354 students taking the correspondence course in agriculture.

The last meeting of the Agricultural Club was extremely enthusiastic, and the discussion was spirited. Twenty-seven were in attendance. During the evening Prof. Rolfs read an able and instructive paper on the "History of Agriculture in Florida and the Agricultural Possibilities of the State."

The Press Club held its last meeting on Tuesday. Dr. Crow made an eloquent address on the "German Universities," to the members and a number of visitors.

## IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the indurated germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

# Gainesville

---

Is a mighty good place in which to live and do business. Replete with historic scenes of a famous past, hustling with vigorous activity of a progressive present, splendid with varied opportunities of an assured future, it is the most rapidly growing city in Southern Florida. Real Estate values here are constantly on the upward march and a few dollars invested in Gainesville's Beauty Spot—

## University Place

---

Will surely bring you rich returns. The success of this Sub-Division is assured as many of the purchasers intend to begin construction of handsome homes after the holidays. A few months hence numbers of costly and artistic homes will be dotted around this attractive and most desirable addition to Gainesville and you will wonder why you did not invest

### \$10.00 Cash, \$10.00 Per Month

In one or more lots. Too late, then why not take advantage of the wonderful bargains we offer and make money. If it's a home you want we will help you with a substantial loan: Investigate!

### Improvements

PHILOSOPHIC REFLECTIONS OF  
THE "TRAVELING SALESMAN."

The value of health is never so apparent until one becomes ill.

War is hell, and so is waking up at 2 a. m. with a dark-brown taste after a large evening, and no ice water to wash it down.

Many a drummer I know would sell his account if he only knew when he was talking.

Working at railroads for poor service does you as much good as yelling at a deaf man to get out of the way of an automobile.

For an outsider to pick the winner of a professional wrestling match is hardly a proposition as bending a steel rod over your finger.

## Her Heart Was Broken

Because her complexion was bad she could find nothing to clear it. Ladies—a bad complexion is caused by an inactive liver. An inactive liver will be put in perfect condition by taking Ballard's Herbine. The small liver regulator. Sold by W. M. Johnson.

## The Shade He Wanted.

Delacroix, the painter, was walking out one day in Paris with a friend of his when he fell into a brown study.

"What is up with you now?" said the friend.

"I can't get a certain shade of yellow," replied the artist.

"What sort of yellow?"

Just then a cab drove past.

"The very thing!" the painter gasped out. "Stop, stop!"

"I am engaged," the cabby replied without stopping.

Delacroix started in pursuit and at a steep place in the Rue des Martyrs overtook the cab. Opening the door, he said in tones of entreaty to the passenger inside:

"Do please tell your driver to stop. I want your complexion for a painting on which I am at work. There is a color merchant close at hand. I shall not detain you above five minutes, and in acknowledgment of the service you render me I will present you with a sketch of my picture."

The bargain was struck. Delacroix got his yellow, and a few months later the "fare" received a sketch of his "Assassination of the Archbishop of Lyons."

## A Hearty Appetite

Is what most babies have, but is of no benefit to them if they have worms. Be sure your baby is not troubled with them. Sure symptoms—always hungry, rings under the eyes, not gaining in weight and yellow complexion. A few doses of White's Cream Vermifuge will expel all worms. It is a positive cure and reliable. Price 25 cents per bottle. Sold by W. M. Johnson.

## Card of Thanks.

We desire to publicly thank the good people of Alachua for their kindness to us, during the short illness of our little daughter, Rubie, and especially to Dr. Cloud, who did all that medical aid could render. May God's richest blessings rest upon them all, is the wish of

MR. and MRS. C. K. WETHERINGTON.

## Don't Be Hopeless

About yourself when you're crippled with rheumatism or stiff joints—of course you've tried lots of things and they failed. Try Ballard's Snow Liniment—it will drive away all aches, pains and stiffness and leave you as well as you ever were. Sold by W. M. Johnson.

Insurance Superintendent Barnes, of Kansas, has notified all fire insurance companies doing business in that State that they have been violating the anti-discrimination statute of Kansas since September 1. Several companies have already complied with the changes called for.

## For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relieve you. It's liquid—pleasant to take—acts immediately. Try it. 10c, 25c and 50c at all drug stores.

A little want ad. will accomplish big results.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

## NEWS OF CITY AND COUNTY CONDENSED

### MATTERS OF GENERAL INTEREST SECURED BY SUN REPORTERS.

#### What Has Happened and What Is Going to Happen—Personal and Social Items of the City.

Christine-Millie, the Carolina Twin. Christine-Millie, refined and highly educated.

Millie-Christine, the eighth wonder of the world.

Millie-Christine, most meritorious exhibition on earth.

Christine-Millie has traveled the civilized world over.

Millie-Christine endorsed by the press, the clergy and doctors.

Jim Bodiford returned yesterday from a short visit to Jacksonville.

Dr. G. R. Hogan of Jacksonville was among the visitors to the city yesterday.

Choice fat turkeys, gobblers and hens—buy them now. G. S. Merchant & Co.

J. G. Beville, one of the truckers of Arredondo, was visiting in the city yesterday.

Call on J. B. Brooks for anything in fruits, candies and cigars. 203 E. Union street. Free delivery.

Col. T. W. Fielding returned yesterday from Lake Butler, where he went to spend Sunday with relatives.

W. M. Hires, one of the prominent citizens of Levyville, was transacting business in the city yesterday.

J. F. Bunch left yesterday for Webster, where he will spend a few days on business and pleasure combined.

See the new advertisement of The Magnet Cash Store. They are offering goods at bargains that will astonish you.

Large fat gobblers and hens—come and make your selections early, before they are all gone. G. S. Merchant & Co.

Don't forget the new store next to Express office. New things there, such as those fine rag dolls, notions, Xmas goods, etc.

G. E. Whetstone, a former resident of Gainesville but who is now making his home at Fort White, was transacting business in the city yesterday.

Rev. F. R. Bridges, accompanied by Mrs. Bridges and little son, left yesterday for Lakeland, where they go to attend the annual meeting of the Methodist Conference.

Wanted—Plans and specifications, accompanied by bids, for the erection of four houses on University Place, each house to cost not more than \$2,500. Address W. R. Thomas.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

Several wells have been dug and gasoline engines put in around Island Grove in order to irrigate the truck farms. They have been very successful and several more are now being installed in that section.

I. F. Lamb of Worthington Springs was a visitor to the city yesterday. He is a great believer in the future of that place and is still investing in property there. He states that by another season it will be seen that the Springs is quite a village.

**The Swine or the Flower?**  
Ah me! I saw a huge and loathsome sty,  
Wherein a drove of wallowing swine  
were barred,  
Whose banquet shocked the nostril and the eye;  
Then spoke a voice, "Behold the source of lard!"  
I fled, and saw a field that seemed at first  
One glistening mass of roses pure and white,  
With dewy buds 'mid dark green foliage  
nursed;  
And, as I lingered o'er the lovely sight,  
The summer breeze, that cooled that  
Southern scene,  
Whispered, "Behold the source of COTTOLENE!"

Millie-Christine, the sisters formed together.

Millie-Christine, surnamed two-headed woman.

Christine-Millie should be seen by all intelligent people.

Christine-Millie, pleasing to behold, agreeable in manners.

Col. C. R. Layton left yesterday for a short business trip to Alachua.

Connected with the Gainesville Garage Company in the mechanical department.

J. E. Johnson, one of the popular traveling men out of Ocala, was interviewing the trade here yesterday.

Judge Syd L. Carter left yesterday for Ocala, to be present at the fall session of Circuit Court for that county.

E. E. Cannon left yesterday for a short business trip to Jacksonville. He will also visit Atlanta before his return.

Coop of extra nice chickens purchased exclusively for the holiday trade. Come and see them. G. S. Merchant & Co.

Sam Leonard of Ocala, who has been here on a short visit to his mother, Mrs. A. H. Leonard, returned to his home yesterday.

Capt. H. C. Cato of High Springs, who has been here on a short visit to his daughter, Mrs. B. T. Arnow, returned to his home yesterday.

Do It Now—It will pay you to begin using Blue Ribbon Vanilla Extract today. It's absolutely pure, goes twice as far and the flavor is perfection.

Mrs. Mac Russell of Orlando has arrived in the city to join her husband. They will make this place their future home, Mr. Russell being connected with the Hannan of Florence, Ala., who has been on a visit here for the past number of days to his brother, J. S. Hannan, departed yesterday for his home. He is very favorably impressed with the city.

T. W. Shands, president of the Gainesville National Bank and also president of the Barnes-Jesup Company of Jacksonville, is spending a few days in the metropolis looking after business interests.

W. D. Futch of St. Petersburg was a visitor to the city yesterday. He was formerly engaged in the mercantile business at High Springs and is still called to this section a great deal to adjust some of his business affairs.

The Secret of Our Success—No other interests distract us from attending to the Hotel Business and keep us from cheerfully contributing every minute of our time to the furthering of the comfort of our guests! The Brown House.

The best pill is DeWitt's Little Early Risers—the safe, easy, pleasant and sure little liver pills. DeWitt's Carbollized Witch Hazel Salve is the original. Good for cuts, burns or bruises, and especially for piles. Sold by all druggists.

Miss Ruth Thorp, who has been teaching the Rocky Hill school for the past few months, was a visitor to the city yesterday. She was en route to her home at Lakeland, where she will spend the Christmas holidays with her parents.

Mrs. Kate Cummers of Denver, Colo., is in the city on a short visit. She is en route to St. Petersburg, where she will probably remain through the winter. Her son is the editor of The Independent in that city and she goes there for a visit with him.

Miss Dell Muldrow of Florence, S. C., who has been here for the past several days as the guest of her friend, Miss Rosabelle Pedrick, departed yesterday for her home. During her short stay she made a host of young friends who will be pleased with a return visit.

W. W. Carter, a prominent citizen of Clay county and member of the Board of County Commissioners of that place, is among the visitors to the city. For many years he was engaged in business at Arredondo, and was born in old Newnansville, consequently has a large number of friends in this county who are always pleased to meet him.
